

PowerMax+

Wireless Home Management and Security System

PowerMax®+ is a powerful wireless home management and security system for small commercial and residential applications. It provide immediate notification of intrusion, smoke, food, gas leak or excess carbon monoxide.

PowerMax+’s clear visual and voice guidance system minimizes training and support visits and maximizes customer satisfaction.

- Easy to install, configure and test
- Field-proven reliability
- Widest range of peripherals including: motion sensors, door/window contacts, glass, smoke, flooding, CO and gas detectors, wireless sirens and more
- Available in a wide variety of languages and frequencies

Visonic®

For a secure way of life
